那只是相遇，然后擦肩而过  
每个人的旅程，在进城之前和出城之后，  
都还有很长很长。

- 你还是那么努力
- 虽然知道这路并不好走

- 北京不拥挤的汽车站
- 这里没有和过去
- 你很高高，但总是孤独

# The Guitar from Heaven

*That day, the Skirmie me flew  
through a sea of clouds. I was  
cured. It was going to go save  
a group of criminals.*

The cold wind blew from my shoulders to my  
clothes, I spoke quietly, of the blue sky, time, youth,  
and hope. Guessing where in the far off distance I  
should be.

Very soon, I went from the deepest blue of the sky, towards  
the lowest of the clouds. Six, hundreds of them, bright  
in a haze.

Quickly then, I was lured  
by my friends. We went  
together following the  
wind, at last it billowed,  
and neither one could  
escape.

*Suddenly, the clouds dispersed  
and my bee friends  
exposed under the sunlight.*

*I start to perceive a different kind  
of feeling, feeling more to understand,  
the story's getting more and more  
intense. The feeling is coming close to  
a weird type of ideal world.*

But my life... it's not over yet.  
The sword... it's still there...  
exploring my existence.

The wind blew through  
my hair,  
across the sky,  
a breeze of yellow light  
swirled like dandelions.

At that time my friends, my love  
and friends exploded. They shared  
the same fate as the daisies.

I cried for the sacrifices  
my friends made.  
Filled with their deaths,  
my defences were  
suddenly broken.

Towards the  
earth I fly,  
continuously crying  
oh how I cry.

I cried for  
all of my  
lost  
friends

Finally,  
I was at  
peace with  
myself

Crying for all the  
pains I've carried on  
my journey, only then  
would I be able to go  
and do the task  
that was unknown.

Where in this city,  
all of the people  
look like me

Down  
this  
stranger,

dying  
in  
the  
middle  
of  
the  
road

*Is this the city  
that supposed to  
save?*

what  
were  
they  
taught  
growing  
up?

*Seeing this world as  
I opened my eyes,  
I forgot my past,  
I forgot who I was.*

yes  
yes,  
I'll be  
there,  
don't be  
so  
naked

A  
stranger  
has  
fallen  
to  
their  
death,  
it's  
ruining  
everyone's  
life

A  
new  
store  
opened  
there,  
it's  
supposedly  
good,  
it's  
so  
not  
there  
for  
landed

"K"  
grew  
up  
right  
cool  
I  
really  
like  
that,  
sorry,  
the  
lyrics  
are  
so  
mean

*I confusedly lift up my guitar case.  
Why do I have a guitar case?  
Why am I?*

*This is a huge city. With a turn of my body it  
has already been 10 years. I can't remember  
who I am. It's as if I was newly born, everybody  
keeps calling me "stranger".*

*This city is too big,  
too muffled.*

*To my eye, it seems as if they don't  
close about their surroundings,  
everything can be sacrificed.*

*There are billboards everywhere,  
there is sound everywhere.  
Less running about.*

EXTRA  
12500000

*I'd rather be blind,  
I don't want to see these lies.*

*I'd rather be an idiot,  
I don't want to think about  
the new cuts.*

*I'd like more beauty, to not understand what's beauty,  
to be not know what love is.*

LOVE  
EVERYWHERE

LOVE!

*Could anyone have  
possibly understood the  
feeling of mine?*

*At this tragic female  
I trusted my shoulder.  
However, I don't have the  
courage to talk to her.*

*I can only turn and stare.  
It's this dirty world's only bit  
of pure whiteness.*

*Making me wonder, Who is she?  
Is she pure? Is she clean? That  
angel's beautiful exterior, how  
did she possess something like  
that?*

*It only took a tiny bit of time.  
I lost this city against dirty, the city let up.  
Maybe I was a bit childish.*

*Because in that short amount of time  
it was just too beautiful*

Everyone  
thinks that  
to belong in  
the artistic  
world is a  
wonderful  
thing!

For someone, it  
is the most  
important part of  
the image. It  
doesn't matter  
how ugly you are  
I will turn you  
into a beautiful  
woman!

*I live in this city, maybe that. These people are  
drinking, these people are like playing with someone  
and making drugs.*

No one  
is good  
at art  
anymore.  
No one  
focuses  
on the  
details.

What  
are you  
gathering?  
One's  
old a  
woman.

*I've been waiting in this city for 10 years,  
have waited for 10. I don't know where I  
came from. I don't know what the  
meaning of my life is, and I don't know  
what I am waiting for exactly.*

You people are all weird

Really? Then what about her?

I waited for 3 days and we just ran before paying for the hotel bill

You women are also all weird

Silently I listen to them speak back and forth

I can always silent a silence that keeps me from bonding with society

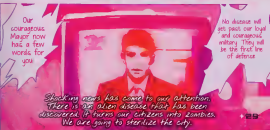

*So I am just like the rest, struggling to live on.*

*I have a guitar,  
but what use is it?*

*Every day I  
want to throw  
it away yet I  
stop myself.*

Our  
courageous  
Mayor now  
has a few  
words for  
you

No disease will  
get past our loyal  
and courageous  
military. They will  
be the first line  
of defence

*Shocking news has come to our attention.  
There is an alien disease that has been  
discovered. It turns our citizens into zombies.  
We are going to sterilize the city.*

The virus spread through the city like wildfire. The first few infected were the nice and polite workers. They went to their desks in offices, they came out and started biting each other.

Even the police were infected.

*The mayor was infected.*

*The trials were done for too.*

*The whole city burned  
the better, the more  
life within the city  
wanted to end.*

All of the enemy soldiers  
were stopped coming out of  
the tunnels.

The survivors banded together in  
supplies, which were the last  
of the city. But the infected  
soldiers still pushed in.

Don't  
let me  
live  
any  
if  
you  
want

It hurt! Ah!

Save me!

Let me go!

I closed the door,  
standing amongst this  
crowded, noisy crowd.

I think that  
everyone is going  
to die.

Weng  
wengwengweng!

A bright light causes me  
to keep my eyes shut  
and my guitar appears

うわー

*My guitar case became a swarm of bees flying away. I was shocked I actually owned such a beautiful guitar!*

*Honestly, only  
I bring up my father.*

*For the city and its people,  
this is the only way to disrupting your end.*

*The light turned the zombies and people's faces black and white.*

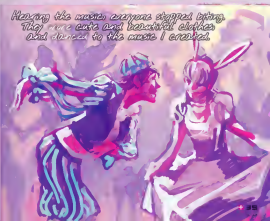

*They all slowly release their death grips.*

*I was shocked to see that  
my father had a way to  
save these zombies.*

*To this area, I had  
arrived for 10 years, just  
so that I could have the  
chance to save this city.*

*Heaving the music, everyone stopped talking.  
They wore cute and beautiful clothes  
and danced to the music I created.*

Oh, sorry.

This has moved me.

*Even the mayor who I hated, wore a costume, which did not fit him. He was in a Mickey Mouse costume. He came and bowed in front of me.*

*The Hometown Mayor and his wife, whom he had stopped talking to, danced together, as they had when they first met, happy and dancing.*

*After I saw the only musical  
performer left.*

*All the other costumes were  
happy, happy, survived, doing  
a performance alone.*

*At that moment I saw the  
woman that I loved.*

*She used to be an  
angel, but now, filled  
with blood, she  
laughs and turns.*

*I saw her smile filled  
with fresh blood. I heard  
myself making more and  
more intense music.*

*The world is beautiful!  
Let's be happy together!*

*The great go it truly is  
important! The polluted city  
has become clean. From  
after I came here the  
climate coming closer.*

*I carefully listened to the  
beat her lungs and gutted  
lungs to make myself strong.  
Courage, I need courage!*

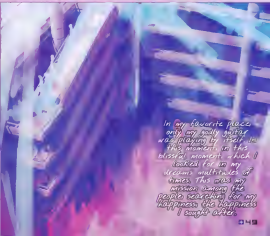

*I dropped the guitar.*

*I joined everyone. Finally, I was  
propelled by the word power.*

*I went to  
my angel.*

*In my favorite place  
only my baby guitar  
was playing by itself in  
this moment, in this  
blessed moment, which I  
looked for in my  
dreams multitudes of  
times. This was my  
vision during the  
people searching for my  
happiness, the happiness  
I sought after.*

*I suddenly went up.*

*no matter, no damage  
but it's still a little  
rough on the  
city.*

WHAT  
IS  
WRONG  
WITH  
YOU?

Is money  
more  
important  
or am I  
more  
important?

return  
the  
money  
you  
owe  
me, you  
sacred  
person!

Go  
eat  
shit,  
eh?

The only  
reason  
that I  
slept with  
you was  
for the  
money.

*A beautiful blonde woman sat on my  
bed looking into the mirror.*

Karcha,

Our love,

Love,

Outside was  
still gloomy.

Love,  
EVERYWHERE THERE  
IS LOVE

Why do I no  
longer have  
those angry  
words  
I put on my  
car plates  
again.

I never say yes.

Now then I won't see that  
new billboard of the mayor.

为我投票  
就是为天使  
民相德，洁身自好

天衣無縫

*I can't see into that dark alleyway.  
I can't hear the gun sound.*

*It's Autumn, I know, I only had one  
dream, I dreamed of Autumn saying that  
I was the winner. Now, when I need to go  
to rest between us to go see a psychologist.*

THE  
FALLING

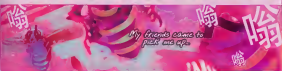

WENG

WENG

呼呼

*My friends came to  
pick me up.*

*I stood at the top looking down at  
the source of this polluted city.*

*This city seems to have reverted to its original polluted state.*

*I look down upon this world. This city, which was saved by me, the burning city. Heaven, heaven, I have finished my mission. I saved a sick and corrupted world. I let them revert to their normal existence and Knowledge.*

*"I really saved the world!"*

*"So coming to save them was  
to save the world to his  
normal. I don't care state!"*

*Give me my reward.*
